

The CSPAC Annual Forum

The CSPAC Annual Forum was held on Thursday 24 November at Construction House in Dublin.

The Forum focused on how industry should address improvements in Health and Safety management in a sector that is now experiencing signs of recovery and where rapid growth is expected.

The event consisted of a series of presentations by industry leaders on the theme and following the presentations there was an opportunity for attendees to break into syndicate groups to address key questions relating to the future of CSP and the priority action areas relating to improving industry management of Safety and Health issues in 2017.

The Chairman was [John Graby](#), Co-Chairman Construction Safety Partnership Advisory Committee.
